Sub: Seeking permission to visit your esteemed Organization. -Reg

The Samskruti College of Engineering and Technology, under the patronage of Samskruti Group of Institutions with more than a decade long presence, supporting the cause of value based education ranging from under graduation to post graduation including Management, Engineering and Pharmacy etc, seeks permission for Mechanical Engineering students to visit your esteemed Organization.

Kindly accord permission to visit your esteemed industry for a team of 75 .We will act with industrial rules and COVID 19 norms which are maintaining there.

Your co-ordination in this regard will not only help the cause of education but will also strengthen the youth of nation.

Thanking you in anticipation

With Regards

INDUSTRIAL VISIT REPORT

Date: 31/12/2021

- **Title :** Industrial Visit (TS GENCO)
- **Date:** 30/12/2021
- **Duration:** One day
- **Number of Students :** 80
- **Objective of the Visit:**

The main purpose of trip to Hydro Power Palnt is

- To see real time operation of Hydro power plant
- How does turbine works
- How does power generated
- How the water flow to turbine
- The subtraction at hydro plant

- **Outcomes of the Program:**

- Students gained Knowledge about generation of the Hydro Power from high flow of waters in Nagarjuna sagar.
- The students gain some industrial exposure and understand how a hydel power plant actually works.
- At the Nagarjuna Sagar Project, the students were taught about different sections of the hydel power plant. Many students had an opinion that the theoretical learning of how a hydel power plant works is a lot different from how a hydel power plant practically works.
- They understood what control room is and how it is operated.
- Students went for boating and also experienced the trekking.

INDUSTRIAL VISIT REPORT

Date: 17/12/2021

- **Title :** Industrial Visit (Mid Manair Dam)
- **Date:** 15/12/2021
- **Duration:** One day
- **Number of Students :** 44

- **Objective of the Visit:**

Mid Manair Dam is a major irrigation project across the Manair River, at Manwada Village, Boinpalli Mandal, Rajanna Sircilla district, Telangana. It has a capacity of 25.87tmcft with 25 radial gates. It has a capacity to irrigate 2, 00,000 acres. It is a part of prestigious Kaleshwaram Project from which 2-3tmcft water will be lifted and routed to Mid Manair Dam. The Project was completed in April 2018

- **Outcomes of the Program:**
- The students will be able to understand the storage capacity of the dam, the functioning of the radial gates and also the purpose of the drainage gallery provided in the dam.
- It will also give an overview of the Kaleshwaram Project and its pumping system towards Mid Manair Dam

DEPARTMENT OF CIVIL ENGINEERING

INDUSTRIAL VISIT REPORT

Date: 13/12/2021

- **Title :** Industrial Visit (KALESHWARAM PROJECT)
- **Date:** 11/12/2021
- **Duration:** One day
- **Number of Students :** 38

• **Objective of the Visit:**

The Kaleshwaram Lift Irrigation Project (KLIP) is a multi-purpose irrigation project on the Godavari River in Kaleshwaram, Bhupalpally, Telangana, India.^[2] Currently the world's largest multi-stage lift irrigation project, its farthest upstream influence is at the confluence of the Pranahita and Godavari rivers. The Pranahita River is itself a confluence of various smaller tributaries including the Wardha, Painganga, and Wainganga rivers which combine to form the seventh-largest drainage basin on the subcontinent, with an estimated annual discharge of more than 6,427,900 acre-feet (7,930 cubic hectometres) or 280 TMC. It remains untapped as its course is principally through dense forests and other ecologically sensitive zones such as wildlife sanctuaries.

• **Outcomes of the Program:**

- Under this project Godavari River will be equipped by reverse pumping machine which can help in agriculture on over field.
- It will also help to provide water to various industries and to supply drinking water in Hyderabad and Secundrabad via a network of pipeline.

Tue, Dec 7, 2021 at 2:43 PM

Sir,

We the Department of ECE of SAMSKRUTI COLLEGE OF ENGINEERING & TECHNOLOGY request to grant permission for industry visit to our B.Tech students of ECE 3 yrs (no of students 110) for ONE day, as we are very much interested to learn the innovative things .

Please consider and do the needful at the earliest.

We are waiting for your positive response.

Thanking you,

Regards

HOD ECE

REPORT

ON

INDUSTRY VISIT

ECE Department of Samskruti college of Engineering and Technology has Organized a Industry visit on 13-12-2021 with around 100 students. Visit to National Remote sensing centre which is one of the primary centres of Indian space Research Organization (ISRO).

Details of the Industry:-

National Remote Sensing Centre (NRSC), Indian Space Research Organization [ISRO], Department of Space, Government of India, Balanagar, Hyderabad - 500037.

Objective of the visit:-

The main objective of the Industry visit to National Remote Sensing Centre is to learn about Indian Remote Sensing Satellites as well as different foreign satellites.

Topic Covered:-

Balanagar is the main campus for National Remote Sensing Centre. Aerial services and digital mapping activities are carried out in addition to the remote sensing applications projects that are being executed in collaboration with various states and Central ministries and also working for in-house national mission projects for generation of resource maps.

Principal

Samskruti College of Engg. & Technology
Kondapur (V), Chaitkesar (M), Medchal Dist

www.samskruti.ac.in

- National Remote sensing centre is responsible for Remote Sensing satellite Data Acquisition and processing, data Dissemination, aerial remote sensing and decision support for disaster Management.
- National Remote sensing centre is one of the main primary centres of Indian space Research organisation, Department of space.

- ⇒ National Remote sensing centre has a mandate for establishment of ground stations for receiving satellite data, generation of data products, dissemination to the users, development of techniques for remote sensing applications including disaster management support, geospatial services for good governance and capacity Building for professional, faculty and students.
- ⇒ NSRC operates through multiple campuses to meet national and regional remote sensing data and applications needs of the Country.

→ Main Campus at Balanagar, Hyderabad - for Administration, Remote sensing Applications and Aerial Services.

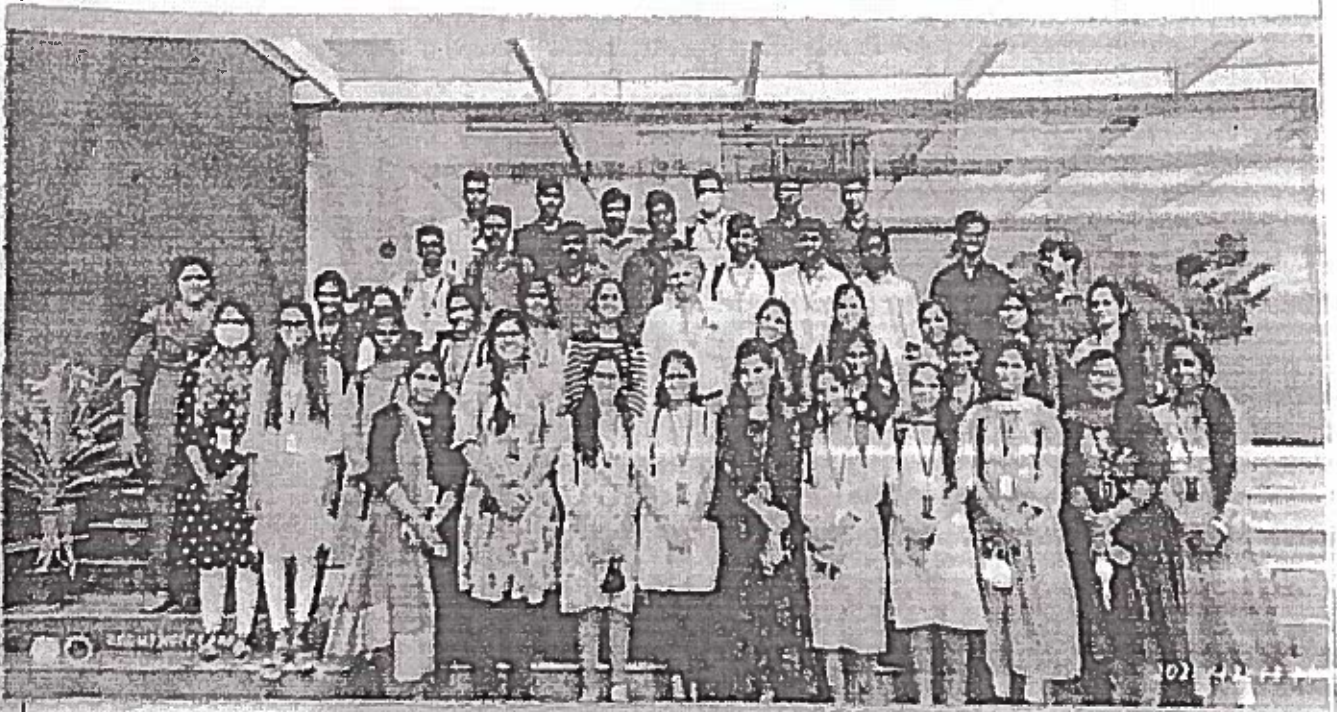

→ In ISRO there are 101 space craft Missions, 72 Launch Missions, 9 student satellites, 2 Re-Entry Missions and 269 foreign satellites.

→ Launchers or launch vehicles are used to carry space craft to space.

→ India has two operational launchers. They are

* polar satellite launch vehicle [PSLV]

* Geosynchronous satellite launch vehicle [GISLV]

Principal
Samskruti College of Engg. & Technology
Kondapur (V), Ghatkesar (M), Medak Dist.

Out Comes of the visit:-

We have learnt about how various activities related to testing, Satellites and remote sensing are carried out in company. We are given lectures and shown space Programs related videos. And the presentation was very useful and we came to know many things about Satellites and Rockets. This visit will help us to understand the subject clearly.

Dear Sir,

SUB: Samskruti College of Engineering & Technology- Request for permission to visit Nagarjuna Sagar main Power House by our students Reg.

Founded in 2005 by st. Vincent Educational Society, Samskruti College of Engineering and Technology represents a rich tradition of excellence in technology-based education. A premier-league institution among the affiliates of JNTUH University,

UG- B.E PROGRAMMES

- Civil Engineering
- Mechanical Engineering
- Electrical & Electronics Engineering
- Electronics & Communication Engineering
- Computer Science & Engineering, (AI & ML) and (DATA SCIENCE)
- Business and Administration

As a part of curriculum, our Computer Science & Engineering students need to visit power plant in II year B.Tech course. There are 20 students planning for industrial visit to your power house. Our faculty members will accompany the students to take care of their discipline during the visit.

In this context, we request you to kindly accord permission to our students for visiting your highly educative organization on 12-12-2021.

Thanking you.

INDUSTRIAL VISIT REPORT

Date: 21/12/2021

- **Title :** Industrial Visit (TS GENCO)
- **Date:** 19/12/2021
- **Duration:** One day
- **Number of Students :** 20
- **Objective of the Visit:**
 - Students visited TS GENCO (Telangana State Power Generation Corporation Limited) is a power generating organization of Telangana. Nagarjunasagar dam which is a masonry dam across the Krishna River at Nagarjuna Sagar which straddles the border between Nalgonda district in Telangana and Guntur district in Andhra Pradesh.
 - The hydroelectric plant has a power generation capacity of 815.6 MW with 8 units. First unit was commissioned on 7 March 1978 and 8th unit on 24 December 1985.
 - The right canal plant has a power generation capacity of 90 megawatts (120,000 hp) with 3 units of 30 megawatts (40,000 hp) each.
 - The left canal plant has a power generation capacity of 60 megawatts (80,000 hp) with 2 units of 30 MW each.
 - The tail pond is under advanced stage of construction to put to use the pumped storage features of 7 x 100.8 MW units. And it will be useful for the irrigation
- **Outcomes of the Program:**
 - Students gained Knowledge about generation of the Hydro Power from high flow of waters in Nagarjuna sagar.
 - Students went for boating and also experienced the trekking.

Respected principal sir,

IV B.Tech of CSE students from your institution has visited our Artificial Penetration Software Solutions Private Limited, Hyderabad on 4th December 2021. With 37 students and 4 faculty members. Students gained the knowledge about Market in Software industry and IT services, Digital Marketing, Mobile Application Development, Graphic designing, web Development and Web designing.

We are very happy with your their performance at our company and acquired the knowledge.

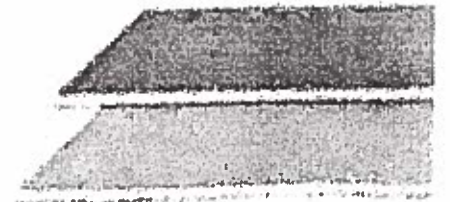

Yours Sincerely,

Artificial Penetration Software Solutions Private Limited,

M. DIVESH KUMAR

INDUSTRIAL VISIT REPORT

Date: 06/12/2021

- **Title :** Industrial Visit (Artificial Penetration Software Solutions)
- **Date:** 04/12/2021
- **Duration:** One day
- **Number of Students :** 37

- **Objective of the Visit:**

- Students visited Artificial Penetration Software Solutions Private Limited, Hyderabad on 4th Dec, 2021. APSS has an excited team of Data Scientists, Business Intelligence, Business Analyst, Programmers, proficient UX originators, Full Stack Developers, Solution Architects, Quality Analyzers and Domain Experts to determine business-basic issues and handcrafted business development applications.
- Also visited Anantagiri hills which is located in Vikarabad district. The water flows from these hills to Usman Sagar is also known as and Himayathsagar. It is one of the dense forests in Telangana. Ananthagiri Temple is located in this forested area.

- **Outcomes of the Program:**

- Students gained Knowledge about the market in software industry and IT Services, Digital Marketing, Mobile development, Graphic designing, Web Designing.
- Students enjoyed the nature in Anantagiri Hills and learned the importance of forest and their medicinal values.
