CIRCULAR

Date: 06/07/2016

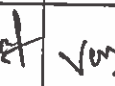

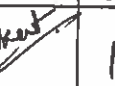

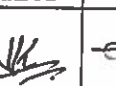

All the students are hereby informed that the Department of Computer Science Engineering is organizing "A Two Week Certificate Program on Big Data Analysis " scheduled from 11/07/2016 to 26/07/2016 at 04:30 PM to 06:30 PM. All the students are invited and advised to actively participate in the aforementioned certificate program. Upon successful participation, the students will be issued with participation certificates. 80% of attendance is required for receiving the certificate. Interested students can enroll their names on or before 09/07/2016. For details, students can contact the Program Coordinator Mr. K. Vamshi Krishna.

Note: Bus Facility will be provided upto Uppal X Roads.

PROGRAM REPORT

- **Title of the Certification Programme:**
 “A Two Week Certificate Program on Big Data Analysis”
- **Date:** 11/07/2016 to 26/07/2016
- **Duration:** Two Weeks
- **Resource Person Details:** Mr. Rajesh Gundla
 Asst Prof, Dept of CSE,
 Vignan’s Institute of Management and Technology for
 Women
 9494274083
- **Number of Students Participated:** 75
- **Objective of the Program:**
 1. Be exposed to conceptual frame work of big data.
 2. Understand different techniques of Data Analysis.
 3. Be exposed to item sets, Clustering, frame works and Visualization.
 4. Be familiar with concepts of data streams.
- **Outcomes of the Program:**
 1. Understand Big data fundamentals..
 2. Learn various Data Analysis Techniques.
 3. Implement various Data streams.
 4. Understand item sets, Clustering, frame works & Visualizations.
- **Contents:**
 1. Big Data Platform
 2. Data Analysis
 3. Mining Data Streams
 4. Frequent Item sets and Clustering
 5. Frameworks and visualization

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING A TWO WEEK CERTIFICATE PROGRAM ON BIG DATA ANALYSIS

DAY WISE SESSION PLAN

DAY	TOPIC FOR DISCUSSION
DAY1	Introduction to Big Data Platform
DAY2	Challenges of Conventional systems
DAY 3	Modern data analytic tools
DAY 4	Regression modeling , Multivariate analysis, Bayesian modeling
DAY 5	Analysis of time series : Linear systems analysis , nonlinear dynamics – Rule induction – Neural networks
DAY 6	Fuzzy Logic : extracting fuzzy models from data , fuzzy decision trees, Stochastic search methods.
DAY 7	Introduction to Mining Data Streams Concepts
DAY 8	Real time Analytics Platform (RTAP) applications
DAY 9	Mining Frequent itemsets
DAY 10	K-Means,Clustering high dimensional data – CLIQUE and ProCLUS
DAY 11	MapReduce – Hadoop, Hive
DAY 12	NoSQL Databases
DAY 13	Hadoop Distributed file systems
DAY 14	Interaction techniques : systems and Applications .

Organized by
DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
SAMSKRUTI COLLEGE OF ENGINEERING AND TECHNOLOGY
Kondapur (V), Ghatkesar (M), Medchal (Dist), Telangana-501301

PROGRAMME OBJECTIVES

1. To have a basic proficiency in a traditional AI language including an ability.
 2. To have an understanding of the basic issues of knowledge representation and blind and heuristic search, as well as an understanding of other topics such as minimax, resolution.
 3. To have a basic understanding of some of the more advanced topics of AI such as natural language processing.
- Outcomes of the Program
1. Solve basic AI based problems.
 2. Define the concept of Artificial Intelligence.
 3. Apply AI techniques to real-world problems to develop intelligent systems.
 4. Select appropriately from a range of techniques when implementing intelligent systems.

Important Dates:

- Start date : 08/08/2016
- End date : 23/08/2016

Samskruti College of Engineering and Technology (SCET) is a pioneer of quality education. The Institute established in the year 2005. SCET is tirelessly engaged in imparting quality education.

The Institute is offering various Diploma, UG & PG Programmes in the Dept of ECE, CSE, EEE, ME and CE. The Institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced Technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

About Department

The Department of Computer Science & Engineering came into the existence in the year 2005 since the inception of the college, Accredited by AICTE New Delhi, Affiliated to JNTUH to offer undergraduate program with an annual intake of 120 students.

The Department is growing significant by spreading its academic activities such as National Level Seminars, Workshops, Guest Lectures and Adjunct Courses by the eminent professors from reputed organizations JNTUH, NIT'S and IIT'S and co-curricular activities such as Tech fest, Student Seminars, Games and Sports, Industrial Visits.

The department is fully equipped with latest software that caters to the needs of our students & also aid in research and development programs. The Department is dedicated to research, education and overall excellence and is associated with the CSI. Several students have participate in paper-presentations, seminars, and technical quizzes. Many students secured GATE ranks and few had preferred to join directly in MTech, & MBA .

PROGRAMME OBJECTIVES

The main purpose of AutoCAD is to create or design 2D and 3D design. it is computer aided design software. AutoCAD is a design tool which will reduce the human efforts compared manual drafting. AutoCAD will eliminate the human error and can be used to draft complex geometry in less time.

Outcomes of the Program

- Student's ability to hand letter will improve.
- Student's ability to perform basic sketching techniques will improve.
- Students will be able to draw projections and sections.
- Student's ability to use engineering scales will increase.
- Student's ability to produce engineered drawings will improve.

2016-17

CERTIFICATE PROGRAMME ON AUTOCAD

This is to inform that The Mechanical Department Organizing a "CERTIFICATE PROGRAMME ON AUTOCAD" from 19/01/2017 to 31/01/2017

About The Program :

1. Introduction to AutoCAD Environment
2. Drafting:
 - a. Development of part drawings for various components in the form of orthographic and isometric. Representation of dimensioning and tolerances
3. Part Modeling:
 - a. Generation of various 3D Models through Protrusion, revolve, sweep. Creation of various features. Study of parent child relation. Feature based and Boolean based modeling.
 - b. 4.Assembly Modeling. Study of various standard Translators. Design of simple components
4. Plotting drawing in AutoCAD

Technology (SCET) is a pioneer of quality education. The institute established in the year 2005. SCET is tirelessly engaged in imparting quality education. The institute is offering various Diploma, B.S & PG Programmes in the Dept of ECE, EEE, ME and CE. The institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

Out Department:

- 1. Master of Business Administration (MBA)
- 2. Master's degree in business administration.
- 3. MBA is a terminal as well as a professional degree. The Department of Business Administration was established with the inception of institution in 2007 with an intake of 60 A Students and was enhanced to 120 students in year 2015. India is one of the many countries that has grown and is still growing rapidly in the Industrial respect. Thus, the demand as well as popularity of business related courses also took a rapid jump. MBA is one of the most popular as well as widely chosen courses amongst the other entire business related course. This is because MBA has its own values that make it superior to other courses, and hence it has wide scopes job prospects.
- 4. Completion of MBA, a wide range of jobs career prospective are available in the industrial and corporate sector. One can easily find jobs of Managerial or executive level after successfully completing their MBA degree.
- 5. Job acts as the first step of the ladder success, after which one can reach to the most position of any firm. With growing number of companies and rapid industrialization, the scope of MBA is increasing every single day.

PROGRAMME OBJECTIVES

This course will enable student understanding of issues and decisions that must be made when embarking upon a ERP selection and implementation journey. It will also lead to an understanding of the challenges associated with managing extant ERP systems. In the process students will become familiar with the forces and organizational conditions leading to the acquisition of such enterprise wide systems. Students will have the opportunity to identify extant and missing organizational competencies that may be drawn upon to create an appropriate ERP implementation method. As such this course is suitable for students in either an IT technical track or in a management track.

Outcomes of the Program

1. Understand and gain insight into process views of organizations and tools and techniques used to model both as-is and to-be models.
2. Apply the process modeling techniques in one or more modeling environments.
3. Know and be able to apply key technical terminology in enterprise information systems as they apply in different ERP products and development methods
4. Understand key differences between the major ERP applications (such as SAP R/3, and Oracle/ Peoplesoft/Sibel) and issues specific to these applications their configuration and management.
5. Analyze a current architecture and perform an effective gap analysis before an ERP implementation
6. Be able to map enterprise architectural resources to a contemporary Enterprise Architecture mapping tool.

PROGRAM REPORT

- **Title of the certification program:**
"A Two Week Certificate Program on ERP(SAP)"
- **Date:** 27/05/2017 to 09/06/2017
- **Duration:** Two Weeks
- **Resource Person Details:** Dr. B.Aarthi
Professor
CMR Technical Campus
dr.aarthi239@gmail.com
Contact no. 8374398689
- **Number of Students Participated:** 78
- **Objectives of the Program:**
 1. This course is designed to impart knowledge regarding concepts of Financial Accounting Tally is an accounting package which is used for learning to maintain accounts.
 2. As this course is useful for Commerce students to get placements in different offices as well as companies in Accounts departments.
 3. The course covers the main features and components of Tally. It teaches the students to maintain accounts with and without inventory.
 4. The multilingual feature of Tally helps in maintaining accounts in the different languages that are supported by Tally.
 5. Students are also familiarized with the Point of Sale and Payroll features of Tally.
- **Outcomes of the Program:**
 1. At the end of the programme, students were found confident towards using Tally ERP-9 software while solving practical problems.
 2. Various concepts pertaining to formation of company & creation of different accounts under Tally ERP-9 was discussed in detail.
 3. A detailed lecture on accounts and voucher entries were discussed along with practice session on individual basis.
 4. Trainer made the students to create groups and ledgers.
 5. Concepts of cost Centre were discussed also in details.
 6. The students were provided with the thorough knowledge about the –Financial transactions involved in cost Centre, Taxation, which comprised of TDS, VAT.

About the Institute:

Samskruti College of Engineering and Technology (SCET) is a pioneer of quality education. The institute established in the year 2005. SCET is tirelessly engaged in imparting quality education.

The Institute is offering various Diploma, UG & PG Programmes in the Dept of ECE, CSE, EEE, ME and CE. The Institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced Technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

About Department:

Mechanical Engineering is often called the Mother of all Engineering. The Department of Mechanical Engineering was established in the year 2009 at the time of inception of Department with an initial intake of 60 students. The Department has 15 eminent faculty supported by 06 Technical Staff.

The Department has well Equipped Laboratories confirming to the norms of JNTUH with facilities viz., a CNC lathe, Solar flat plate collector, Concentric tube collector etc, and software like AUTOCAD, HIGH END CONFIGURATION SYSTEMS, ANSYS, FLUENT etc.

A TWO WEEK CERTIFICATE PROGRAM ON ADVANCE APPLICATIONS OF AUTOCAD

Dt: 03-09-2017 to 18-09-2017

Organized by

DEPARTMENT OF MECHANICAL ENGINEERING
SAMSKRUTI COLLEGE OF ENGINEERING AND TECHNOLOGY
Kondapur (V), Ghatkesar (M), Medchal (Dist), Telangana-501301

Leading from the

SAMSKRUTI

COLLEGE OF ENGG & TECH

(Approved by AICTE/PCI, New Delhi, Affiliated to JNTUH, Telangana)
Kondapur(V), Ghatkesar(M), Medchal Dist., Hyderabad-501301

Visit us : www.samskruti.ac.in, email : info@samskruti.ac.in

PROGRAMME OBJECTIVES

- To Learn sketching and taking field dimensions.
- Take data and transform it into graphic drawings.
- Learn advanced engineering drawing formats.
- Learn basic AutoCAD skills.
- Learn draw 2D drawings in AutoCAD.

Outcomes of the Program

- Student's ability to
- Perform basic sketching techniques will improve.
- Draw projections and sections.
- Use engineering scales will increase.
- Ability to produce engineered drawings will improve.

2017-18

CERTIFICATE PROGRAMME ON AUTOCAD

This is to inform that The Mechanical Department Organizing a "Add on PROGRAMME ON ADVANCE APPLICATIONS OF AUTOCAD" from 03/09/2017 to

08/09/2017

33

About The Program :

1. Introduction to AutoCAD Environment
2. Drafting:
 - a. Development of part drawings for various components in the form of orthographic and isometric.
 - Representation of dimensioning and tolerances
3. Part Modeling:
 - a. Generation of various 3D Models through Protrusion, revolve, sweep. Creation of various features. Study of parent child relation. Feature based and Boolean based modeling.
 - b. 4.Assembly Modeling. Study of various standard Translators. Design of simple components
4. Plotting drawing in AutoCAD
5. Advance modules

Technology (SCET) is a pioneer of quality education. The institute established in the year 2005. SCET is tirelessly engaged in imparting quality education.

The institute is offering various Diploma, B.E, EEE, ME and CE. The institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

Out Department:

Master of Business Administration (MBA) is a master's degree in business administration. MBA is a terminal as well as a professional degree. The Department of Business Administration was established with the inception of the institution in 2007 with an intake of 60 students and was enhanced to 120 students in year 2015. India is one of the many countries that has grown and is still growing rapidly in the Industrial respect. Thus, the demand as well as popularity of business related courses also took a rapid jump. MBA is one of the most popular as well as widely taken courses amongst the other entire business related course. This is because MBA has its own values that make it superior to other courses, and hence it has wide scopes for job prospects.

After completion of MBA, a wide range of jobs and career prospective are available in the industrial and corporate sector. One can easily get jobs of Managerial or executive level after successfully completing their MBA degree. The job acts as the first step of the ladder to success, after which one can reach to the most position of any firm. With growing number of companies and rapid industrialization, the scope of MBA is increasing every single day.

PROGRAMME OBJECTIVES

1. The students are introduced to computerized accounting environment.
2. Knowledge of Tally, computerized accounting software is imparted to the students.
3. To train the students in preparations of final accounts and other financial statements in Tally.

Outcomes of the Program

1. Students learn the basics of Tally and importance of Tally in today's computerized environment.
2. Students learn how to create company accounts using Tally and about function keys and shortcut keys.
3. To know about voucher entry, payment voucher, receipt voucher, credit and debit note.
4. Students learn how to create single and multiple ledgers, group creation, budget, inventory groups and other functions.
5. Students learn to prepare final accounts in Tally along with cash flow statements and inventory analysis report.

- **Resource Person Details:** Ms. R.Mallishwari
Assistant Professor
Farah Institutions of Science and Technology
mallishwari.rajupeta@gmail.com
Contact no. 8186092833
- **Number of Students Participated:** 68
- **Objectives of the Program:**
 1. This course is designed to impart knowledge regarding concepts of Financial Accounting Tally is an accounting package which is used for learning to maintain accounts.
 2. As this course is useful for Commerce students to get placements in different offices as well as companies in Accounts departments.
 3. The course covers the main features and components of Tally. It teaches the students to maintain accounts with and without inventory.
 4. The multilingual feature of Tally helps in maintaining accounts in the different languages that are supported by Tally.
 5. Students are also familiarized with the Point of Sale and Payroll features of Tally.
- **Outcomes of the Program:**
 1. At the end of the programme, students were found confident towards using Tally software while solving practical problems.
 2. Various concepts pertaining to formation of company & creation of different accounts under Tally was discussed in detail.
 3. A detailed lecture on accounts and voucher entries were discussed along with practice session on individual basis.
 4. Trainer made the students to create groups and ledgers.
 5. Concepts of cost Centre were discussed also in details.
 6. The students were provided with the thorough knowledge about the –Financial transactions involved in cost Centre, Taxation, which comprised of TDS, VAT.

ETHICAL HACKING

16/07/2018 to 30/07/2018

Organized by
DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
SAMSKRUTI COLLEGE OF ENGINEERING AND TECHNOLOGY
Kondapur (V), Ghatkesar (M), Medchal (Dist), Telangana-501301

PROGRAMME OBJECTIVES

1. The purpose of ethical hacking is to evaluate the security of and identify vulnerabilities in target systems, networks or system infrastructure.

2. The process entails finding and then attempting to exploit vulnerabilities to determine whether unauthorized access or other malicious activities are possible.

Outcomes of the Program

1. Plan a vulnerability assessment and penetration test for a network.

2. Execute a penetration test using standard hacking tools in an ethical manner.

Samskruti College of Engg. & Technology
Kondapur (V), Ghatkesar (M), Medchal Dist.

3. Report on the strengths and vulnerabilities of the tested network.

4. Identify legal and ethical issues related to vulnerability and penetration testing.

SCET aims at technology development through academic excellence.

About Department
The Department of Computer Science & Engineering came into the existence in the year 2005 since the inception of the college, Accredited by AICTE New Delhi, Affiliated to JNTUH to offer undergraduate program with an annual intake of 120 students.

The Department is growing significant by spreading its academic activities such as National Level Seminars, Workshops, Guest Lectures and Adjunct Courses by the eminent professors from reputed organizations: JNTUH, NIT'S and IIT'S and co-curricular activities such as Tech fest, Student Seminars, Games and Sports, Industrial Visits.

The department is fully equipped with latest software that caters to the needs of our students & also aid in research and development programs. The Department is dedicated to research, education and overall excellence and is associated with the CSI. Several students have participate in paper-presentations, seminars, and technical quizzes. Many students secured GATE ranks and few had preferred to join directly in MTech, & MBA .

PROGRAMME OBJECTIVES

Workshop was aimed to provide knowledge about the complete MATLAB using simulation tool to test electronics and electrical circuit in software environment. Lab software is used in any application like signal processing, image processing and in designing various communication modules so that any student can make it on his own.

COMES OF THE PROGRAM

In Knowledge on basics of MATLAB
In knowledge on simulation design
Hands on session for Mat Lab programming
Hands on Session for application-oriented signal processing
Hands on session for application-oriented image processing

ABOUT THE INSTITUTE

Samskruti College of Engineering and Technology (SCET) is a pioneer of quality education. The institute established in year 2005. SCET is tirelessly engaged in imparting education. The institute is offering various Diploma, PG Programmes in the Dept of ECE, CSE, EEE, ME & CE. The institute prepares the students to suit the ever changing scenario of the global Industry by imparting them an advanced Technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

ABOUT THE DEPARTMENT

Electronics and Communication Engineering (ECE) is a swiftly changing field, with new ideas emerging every other second. Mobile phones to fiber optics and remote sensing, there are many avenues to explore and create. The ECE department at Samskruti College of Engineering and Technology prepares students for careers in this constantly evolving discipline.

Department of ECE is best known for its talented and dedicated professionals renowned for their excellence in various specializations in the field of Electronics & Communication. The department is provided with state-of-the-art technological tools incorporated in all the existing laboratories. For the last ten years students of the ECE, who walked out of the portals of the institute successfully, holding their degrees, were immediately inducted into the MNCs of high reputation in India & abroad. The high reputation of the department from 60 to 120 in year 2006.

Date: 06/08/2018

All the students are hereby informed that the Department of Electronics and Communication Engineering is organizing a Two Week Certificate Program on "MATLAB & ITS APPLICATIONS WORKSHOP" scheduled from 13-08-18 to 26-08-18. All the students are invited and advised to actively participate in the aforementioned certificate program. Upon successful participation, the students will be issued with participation certificates, 80% Attendance is required for receiving the Certificate. Interested students can enroll their names on or before 10/08/2018.

The training session will be conducted at 4.30pm to 6.30pm. For Details can contact program coordinators Mr.V.Sandeep Kumar, Assistant Professor, ECE Department & Mrs. Y. Jalajkshi, Assistant Professor, ECE Department.

Note: Bus Service Will be provided till Ghatkesar.

The institute is offering various Diploma, UG & PG Programmes in the Dept of ECE, CSE, EEE, ME and CE. The institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced Technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

About Department
The Department of Computer Science & Engineering came into the existence in the year 2005 since the inception of the college. Accredited by AICTE New Delhi, Affiliated to JNTUH to offer undergraduate program with an annual intake of 120 students.

The Department is growing significantly by spreading its academic activities such as National Level Seminars, Workshops, Guest Lectures and Adjunct Courses by the eminent professors from reputed organizations JNTUH, NIT'S and IIT'S and co-curricular activities such as Tech fest, Student Seminars, Games and Sports, Industrial Visits.

The department is fully equipped with latest software that caters to the needs of our students & also aid in research and development programs. The Department is dedicated to research, education and overall excellence and is associated with the CSI. Several students have participated in paper-presentations, seminars, and technical quizzes. Many students secured GATE ranks and few had preferred to join directly in MTech, & MBA.

SCET aims at technology development through academic excellence.

About Department:

The Department of Computer Science & Engineering came into the existence in the year 2005 since the inception of the college, Accredited by AICTE New Delhi, Affiliated to JNTUH to offer undergraduate program with an annual intake of 120 students.

The Department is growing significantly by spreading its academic activities such as National Level Seminars, Workshops, Guest Lectures and Adjunct Courses by the eminent professors from reputed organizations JNTUH, NIT'S and IIT'S and co-curricular activities such as Tech fest, Student Seminars, Games and Sports, Industrial Visits.

The department is fully equipped with latest software that caters to the needs of our students & also aid in research and development programs. The Department is dedicated to research, education and overall excellence and is associated with the CSI. Several students have participated in paper-presentations, seminars, and technical quizzes. Many students secured GATE ranks and few had preferred to join directly in MTech, & MRA

PROGRAM REPORT

- **Title of the Certification Programme:**
"A Three Week Certificate Program on PYTHON PROGRAMMING"
- **Date:** 05/08/2019 to 26/08/2019
- **Duration:** Three Weeks
- **Resource Person Details:** **G. Prudhvi Raj**
Asst Prof, Dept of CSE,
Siddartha Institute of Technology and Sciences
9912697132
- **Number of Students Participated:** 54
- **Objective of the Program:**
 1. To be able to introduce core programming basics and program design with functions using Python programming language.
 2. To understand a range of Object-Oriented Programming, as well as in-depth data and information processing techniques.
 3. To understand the high-performance programs designed to strengthen the practical expertise.
- **Outcomes of the Program:**
 1. To acquire programming skills in core Python.
 2. To acquire Object Oriented Skills in Python
 3. To develop the skill of designing Graphical user Interfaces in Python
 4. To develop the ability to write database applications in Python
- **Contents:**
 - Introduction to Python
 - Python functions
 - Control Structures
 - Strings
 - OOPS Concepts
 - GUI Concepts

A THREE WEEK CERTIFICATE PROGRAM ON PYTHON PROGRAMMING

DAY WISE SESSION PLAN

DAY	TOPIC FOR DISCUSSION
DAY1	Introduction to Python, data types and variables
DAY2	Python functions
DAY 3	Boolean expression
DAY 4	Installing Python. How a Program Works, Using Python,
DAY 5	Program Development Cycle
DAY 6	Input, Processing, and Output, Displaying Output with the Print Function
DAY 7	Comments, Variables
DAY 8	Boolean Logic: if, if-else, if-elif-else Statements,
DAY 9	Operators, Boolean Variables
DAY 10	Type conversions
DAY 11	Expressions
DAY 12	Nested Decision Structures
DAY 13	Comparing Strings
DAY 14	Classes & Objects, Classes & Functions
DAY 15	Inheritance and Polymorphism
DAY 16	Graphical User Interfaces
DAY 17	Getting Input with Entry Widget, Fields, Radio Buttons
DAY 18	Simple Graphics and Image Processing
DAY 19	Two dimensional Shapes
DAY 20	Image Processing
DAY 21	Procedural and Object-Oriented Programming,

Technology (SCET) is a pioneer of quality education. The institute established in the year 2005. SCET is tirelessly engaged in imparting quality education. The institute is offering various Diploma, B.Tech & PG Programmes in the Dept of ECE, EEE, ME and CE. The Institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

Department:

Master of Business Administration (MBA) is a terminal as well as a professional degree. The Department of Business Administration was established with the inception of the institution in 2007 with an intake of 60 students and was enhanced to 120 students in year 2015. India is one of the many countries that has grown and is still growing rapidly in the Industrial respect. Thus, the demand as well as popularity of business related courses also took a rapid jump. MBA is one of the most popular as well as widely chosen courses amongst the other entire business related course. This is because MBA has its own values that make it superior to other courses, and hence it has wide scopes for job prospects.

After completion of MBA, a wide range of jobs and career prospective are available in the industrial and corporate sector. One can easily get jobs of Managerial or executive level after successfully completing their MBA degree. The job acts as the first step of the ladder to success, after which one can reach to the most position of any firm. With growing number of companies and rapid industrialization, the scope of MBA is increasing every single day.

NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL

A TWO WEEK CERTIFICATE PROGRAMME ON

DIGITAL MARKETING

Dt:16-08-2019 to 29-08-2019

Organized by
DEPARTMENT OF BUSINESS MANAGEMENT
SANSKRUTI COLLEGE OF ENGINEERING AND TECHNOLOGY
 Kondapur (V), Ghatkesar(M), Medchal (Dist), Telangana-501301

Established Since 1988
SANSKRUTI COLLEGE OF ENGG & TECH
 (Approved by AICTE/PCI, New Delhi, Affiliated to JNTU(H, Telangana) Kondapur(V), Ghatkesar(M), Medchal Dist., Hyderabad-501301)
 Visit us : www.samskruti.ac.in, email : info@samskruti.ac.in

PROGRAMME OBJECTIVES

This course aims at covering the essential marketing and advertising concepts, revisit the fundamental statistical tools for analysis and prediction along with in-depth knowledge of online marketing and analytical tools. The course is designed for practical learning. Most concepts will be linked with hands-on training, where students will be expected to work with marketing datasets, dummy display ads, virtual website optimization, SEO based on instructions in lectures and class discussions.

Outcomes of the Program

Communication: Communicate clearly and effectively in written, oral and digital forms to an intended audience using strategies and methods appropriate to college-level expectations.
Critical Thinking and Problem Solving: Students will demonstrate critical thinking characterized by the ability to define business problems with the evidence available, discern fact from opinion, determine underlying causes, and formulate and evaluate potential solutions.
Leadership and Team Collaboration: Student's leadership skills will be evidenced in taking initiative, communicating objectives, building agreement, ability to change and motivating team members to perform.
Comprehension and Application of New Media: Students should demonstrate their understanding of the various new medias such as; social media, mobile technology, web analytics, search engine optimization, viral advertising.
Digital Ethics: Students will recognize ethical and moral issues, identify needed actions, and demonstrate the moral courage to implement them.

PROGRAM REPORT

- **Title of the certification program:**
 - "A Two Week Certificate Program on Digital Marketing"
- **Date:** 16/08/2019 to 29/08/2019
- **Duration:** Two Weeks
- **Resource Person Details:** Ms. T. Soujanya
 - Assistant professor
 - Jagruthi College of Management
 - Sowjanya2507@gmail.com
 - Contact no. 8106112896
- **Number of Students Participated:** 53
- **Objectives of the Program:**
 - Constructing a brand is one of the important objectives of digital marketing. The aim of digital marketing also involves setting up a new brand.
 - Increasing revenue is the primary objectives of digital marketing. Luckily, the internet gives every company several opportunities to boost their performance.
 - Many small businesses are focusing most of their marketing efforts on enhancing their local SEO.
 - Paid ads are one of the easiest objectives of digital marketing which has a number of ways of getting to our target audience and selling your goods or services.
 - Email marketing for individuals with an email base with their current customers may be handled internally or by an outside organization..
 - Digital marketing is one of the best ways to lower the sales price of attracting new customers. In addition to the reduced costs, this makes it possible to reach a wide variety of highly targeted markets even quicker than conventional marketing.
- **Outcomes of the Program:**
 - On successful completion of the course students will be able to:
 1. Analyze the confluence of marketing, operations, and human resources in real-time delivery.
 2. Research on online markets, as well as in identifying, assessing and selecting digital market opportunities.
 3. Explain emerging trends in digital marketing and critically assess the use of digital marketing tools by applying relevant marketing theories and frameworks.
 4. Investigate and evaluate issues in adapting to globalised markets that are constantly changing and increasingly networked. Analyze cross-cultural and ethical issues in globalised digital markets.
 5. Interpret the traditional marketing mix within the context of a changing and extended range of digital strategies and tactics.
 6. Comprehend the importance of conversion and working with digital relationship marketing.

LOUD COMPUTING

10/08/2020 to 31/08/2020

Organized by
DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING
SAMSKRUTI COLLEGE OF ENGINEERING AND TECHNOLOGY
Kondapur (V), Ghatkesar (M), Medchal (Dist), Telangana-501301

PROGRAMME OBJECTIVES

This will provide an insight into cloud computing.

Understand the concepts, characteristics, delivery models and benefits of cloud computing

Understand the key security and compliance challenges of cloud computing

Understand the different characteristics of public, private and hybrid cloud deployment models.

Understand the objectives of the Program

Understand the different characteristics of Cloud Computing and its benefits and key concepts.

Ability to understand the ways in which the cloud can be programmed and deployed.

Understanding of when and where to use it and identifying the appropriate industry models.

Understanding cloud service providers

Samskruti College of Engineering and Technology (SCET) is a pioneer of quality education. The institute established in the year 2005. SCET is tirelessly engaged in imparting quality education.

The Institute is offering various Diploma, UG & PG Programmes in the Dept of ECÉ, CSE, EEE, ME and CE. The Institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced Technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

About Department

The Department of Computer Science & Engineering came into the existence in the year 2005 since the inception of the college, Accredited by AICTE New Delhi, Affiliated to JNTUH to offer undergraduate program with an annual intake of 120 students.

The Department is growing significantly by spreading its academic activities such as National Level Seminars, Workshops, Guest Lectures and Adjunct Courses by the eminent professors from reputed organizations JNTUH, NIT'S and IIT'S and co-curricular activities such as Tech fest, Student Seminars, Games and Sports, Industrial Visits.

The department is fully equipped with latest software that caters to the needs of our students & also aid in research and development programs. The Department is dedicated to research, education and overall excellence and is associated with the C.S.I. Several students have participated in paper-presentations, seminars, and technical quizzes. Many students secured GATE ranks and few had preferred to join directly in M.Tech, &

PROGRAM REPORT

○ **Title of the Certification Programme:**

“A Three Week Certificate Program on CLOUD COMPUTING”

○ **Date:** 10/08/2020 to 31/08/2020

○ **Duration:** Three Weeks

○ **Resource Person Details:** Mr. Rajesh Gundla

Asst Prof, Dept of CSE,

Vignan's Institute of Management and Technology for
Women

9494274083

○ **Number of Students Participated:** 54

○ **Objective of the Program:**

- 1.This will provide an insight into cloud computing.
- 2.Understand the concepts, characteristics, delivery models and benefits of cloud computing
- 3.Understand the key security and compliance challenges of cloud computing
- 4.Understand the different characteristics of public, private and hybrid cloud deployment models.

○ **Outcomes of the Program:**

1. An understanding of Cloud Computing benefits and key concepts.
2. Ability to understand the ways in which the cloud can be programmed and deployed.
3. An understanding of when and where to use it using the appropriate industry models.
4. Understanding cloud service providers

○ **Contents:**

- Introduction
- Computing Paradigms
- Cloud Computing Fundamentals
- Cloud Deployment Models
- Cloud Architecture

Department:

- Master of Business Administration (MBA)
- Master's degree in business administration.
- MBA is a terminal as well as a professional degree. The Department of Business Administration was established with the inception of institution in 2007 with an intake of 60 A Students and was enhanced to 120 students in year 2015. India is one of the many countries that has grown and is still growing rapidly in the Industrial respect. Thus, the demand as well as popularity of business related courses also took a rapid jump. MBA is one of the most popular as well as widely chosen courses amongst the other entire business related course. This is because MBA offers its own values that make it superior to other courses, and hence it has wide scopes for job prospects.
- After completion of MBA, a wide range of job career prospective are available in the industrial and corporate sector. One can easily get jobs of Managerial or executive level after successfully completing their MBA degree.
- Job acts as the first step of the ladder to success, after which one can reach to the most position of any firm. With growing number of companies and rapid industrialization, scope of MBA is increasing every single day.
