| Reading Skills | Level | Your Performance |
|------------------|--------------|--|
| Reading | Intermediate | <p>Test takers who receive a score at the INTERMEDIATE level, as you did, typically understand some of the information presented in academic texts in English that require a wide range of reading abilities, but their understanding is limited.</p> <p>Test takers who receive a score at the INTERMEDIATE level typically</p> <ul style="list-style-type: none"> • have a command of basic academic vocabulary, but their understanding of less common vocabulary is inconsistent; • have limited ability to understand and connect information, have difficulty recognizing paraphrases of text information, and often rely on particular words and phrases rather than a complete understanding of the text; • have difficulty identifying the author's purpose, except when that purpose is explicitly stated in the text or easy to infer from the text; and • can sometimes recognize major ideas from a text when the information is clearly presented, memorable, or illustrated by examples but have difficulty doing so when the text is more demanding. |
| Listening Skills | Level | Your Performance |
| Listening | High | <p>Test takers who receive a score at the HIGH level, as you did, typically understand the main idea and some important details of conversations. However, test takers at the low level may have difficulty understanding lectures and conversations in English that involve abstract or complex ideas and recognizing the relationship between those ideas. Test takers at this level also may not understand sections of lectures and conversations that contain difficult vocabulary or complex grammatical structures.</p> <p>Test takers at the HIGH level typically can</p> <ul style="list-style-type: none"> • understand main ideas when they are stated explicitly or marked as important but may have difficulty understanding main ideas if they are not stated explicitly; • understand important details when they are stated explicitly or marked as important but may have difficulty understanding details if they are not repeated or clearly marked as important, or if they are conveyed over several exchanges among different speakers; • understand ways that speakers use language to emphasize a point or to indicate agreement or disagreement, but generally only when the information is related to a central theme or is clearly marked as important; and • make connections between the key ideas in a conversation, particularly if the ideas are related to a central theme or are repeated. |

| Speaking Skills | Level* | Your Performance |
|---|---------|---|
| Speaking about Familiar Topics | Limited | Your responses indicate some difficulty speaking in English about everyday experiences and opinions. Listeners sometimes have trouble understanding you because of noticeable problems with pronunciation, grammar, and vocabulary. While you are able to respond partially to the questions, you are not able to fully develop your ideas, possibly due to limited vocabulary and grammar. |
| Speaking about Campus Situation | Limited | Your responses indicate that you have some difficulty speaking in English about information from conversations, newspaper articles, university publications, and so on. While you are able to talk about some of the key information from these sources, limited grammar and vocabulary may prevent you from fully expressing your ideas. Problems with pronunciation make it difficult for listeners to understand you at times. |
| Speaking about Academic Course Content | Fair | Your responses demonstrate that you are able to speak in English about academic reading and lecture material, with only minor communication problems. For the most part, your speech is clear and easy to understand. However, some problems with pronunciation and intonation may occasionally cause difficulty for the listener. Your use of grammar and vocabulary is adequate to talk about the topics, but some ideas are not fully developed or are inaccurate. |
| Writing Skills | Level* | Your Performance |
| Writing based on Reading and Listening | Fair | You responded to the task, relating the lecture to the reading, but your response indicates weaknesses such as <ul style="list-style-type: none"> • an important idea or ideas may be missing, unclear, or inaccurate; • there may be uncertainty in how the lecture and the reading passage are related; and/or • grammatical mistakes or vague/incorrect uses of words may make the writing difficult to understand. |
| Writing based on Knowledge and Experience | Fair | You expressed ideas with reasons, examples, and details, but your response indicated weaknesses such as <ul style="list-style-type: none"> • you may not provide enough specific support and development for your main points; • your ideas may be difficult to follow because of how you organize your essay or because of the language you use to connect your ideas; and/or • grammatical mistakes or vague/incorrect uses of words may make the writing difficult to understand. |

Therefore it is not appropriate to combine the individual skill levels. Doing so may lead to apparent inconsistencies between the diagnostic feedback and reported writing and speaking scores.

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Scores Valid Until: 30 June 2019

Overall Score: 59

The Overall Score for the PTE Academic is based on the test taker's performance on all items in the test. The scores for Communicative Skills and Enabling Skills are based on the test taker's performance on only those items that pertain to these skills specifically. As many items contribute to more than one Communicative or Enabling Skill, the Overall Score cannot be computed directly from the Communicative Skill scores or from the Enabling Skill scores. The graph below indicates this test taker's Communicative Skills and Enabling Skills relative to his or her Overall Score.

When comparing the Overall Score and the scores for Communicative Skills and Enabling Skills, please be aware that there is some imprecision in all measurement, depending on a variety of factors. For more information on interpreting PTE Academic scores, please refer to *Interpreting the PTE Academic Score Report* which is available at www.pearsonpte.com/pteacademic/scores.

the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

the qualifying marks for general category candidate in the paper

the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

850, is the score assigned to M_q

900, is the score assigned to M_c

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship.

Admitting institutes may conduct further tests and interviews for final selection.
