 (Approved by AICTE, New Delhi & Affiliated to JNTUH.)
 Kondapur(V), Ghatkesar(M), Medchal(Dist)

CIRCULAR

Date:15/07/2019

All the faculty members here by informed that the Department of **Electrical & Electronics Engineering** is organizing "A TWO DAY FACULTY DEVELOPMENT PROGRAMME ON ADVANCED TOOLS FOR POWER APPLICATIONS" scheduled from 22ⁿ to 23rd July, 2019. All the interested candidates are invited and advised to actively participate in the aforementioned program. Upon successful participation, the participants will be issued with participation certificates, Attendance for all the sessions is required for receiving the Certificate. Interested candidates can enroll their names on or before 19-07-2019.

For details , candidates can contact G.Indira Rani Event coordinator .
 Programme timings: 10:00 AM to 04:00 PM

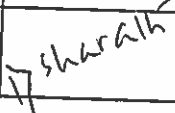

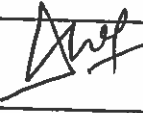

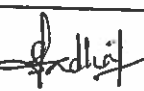

Note: Bus facility will be provided upto Uppal X Roads.

Programme Report

Name of the Programme: Two days FDP on Advanced Tools for power applications
Organized by: Department of EEE
Schedule dates: 22th & 23th July-2019
Resource Person: G. Venu, Assistant Professor,
Dept. of EEE Anurag Group of Institutions, Hyderabad

Objective of the Program

- The objective of the centre is to bridge the gap between the Industries and the Academics.

Activities Conducted

- Lectures delivered by the Experts on Power point Presentation followed by discussions with the experts, participants

Outcome of the Program

- Participants were enlightened with the most widely used advance technologies in this domain.
- This in turn will help in research activity.
- The content knowledge of the participants in the respective domains is updated.
- The participants were also given some simulation exercises regarding the contents of the

Program Total No. of Participants: 13

Objectives of FDP:

The primary objective of teaching is to impart wisdom and helps students to acquire knowledge. To shape character and behavior and motivate students to the process of education.

Outcomes of FDP:

The purpose of the art of the effective teaching is to describe the four aces of effective teaching outcomes such as clarity, enthusiasm, engagement and innovation as the conceptual framework for increased self reflective practice among teachers in higher education settings.

Programme Report

Name of the Programme : A Two-Day FDP on Recent innovative developments in thermal engineering
Organized by : Department of Mechanical Engineering
Schedule dates : 10th & 11th Jan-2020
Resource Person : Dr. ISNVR. Prashanth
Associate professor in MREC(A)
Mobile: 9963244299
Email: prasanth5109@mrec.co.in

Objective of the Program

- To guide necessary knowledge on thermal sciences at its core that can change the way machines and our surroundings are interacted with Unit energy cost and specific CO2 emission
- nature friendly refrigerants.
- Bio based material for insulation.

Activities Conducted

- Interaction on research topics related to thermal sciences

Outcome of the Program

- Compressors and chloro fluoro carbon are partially responsible for greenhouse gas emissions and environmental pollution currently being addressed globally.
- The various products of the polygeneration energy systems. The results may help to identify sustainable energy planning strategies
- Bio-based insulation materials, such as wood or hemp are emerging as a promising alternative in aiming at improving in-use energy efficiency.

Objective of the Program

- The objective of this FDP is to strengthen the understanding of faculty in basic research concepts and to develop skills for conducting and publishing research.

Activities Conducted

- Group interactions
- Class exercises
- Individual and group assignments

Outcome of the Program

- Develop a research proposal
- Come up with research question/s
- Formulate hypotheses
- Write a review of relevant literature
- Decide about the research methodology
- Write a research proposal

- Machine Learning.
- Neural Networks.
- Evolutionary Computation.
- Computer Vision.
- Robotics.
- Expert Systems.
- Speech Processing.
- Natural Language Processing

Objective of FDP:

- The purpose of machine learning is to discover patterns in your data and then make predictions based on often complex patterns to answer business questions, detect and analyze trends and help solve problems

Outcome of FDP:

- Machine learning focuses on creating computer algorithms that can access data, and then using it to make future predictions.
- Its learning process begins with observing, then checking for data, and finally making better decisions

Programme Report

Name of the Programme: A One-Week FDP on Artificial Intelligence and its Applications

Organized by: Department of Computer Science and Engineering

Schedule dates: From 26th Aug-2019 to 31th Aug-2019

Resource Person: Mr. Ch.Muralikrishna
Asst.Prof ,St.Mary's Integrated Campus Hyderabad
Phone no: 8074219457
E-mailid:cherukumuralik@gmail.com

Topics Covered in FDP:

- Evolutionary Algorithms.
- Computer vision.
- Artificial Neural Networks.
- Swarm intelligence.
- Pattern recognition.
- Image processing and analysis.
- Natural language processing.
- Global optimization.

Programme Objective:

- The basic goal of AI is to enable computers and machines to perform intellectual tasks such as problem solving, decision making, perception, and understanding human communication.

Programme Outcome:

- AI increases efficiency and refocuses daily tasks and efforts with an emphasis on creation and creativity. AI will make us more productive. so people can focus on building the next best thing. This allows people to do their jobs better and focus on high-value customer activities.

Organized by: Department of EEE
Schedule dates: 27th & 28th August-2019
Resource Person: H. Kishan, Assistant Professor,
Dept. of EEE, VBIT, Hyderabad

Objective of the Program

- The objective of this program to discuss and implement algorithms for design and testing of power drives.

Activities Conducted

- PPT presentation on design and development methodologies.
- Practical implementation of methods.

Outcome of the Program

- Faculty got knowledge regarding research in design aspects of Power drives.
- Understand the different converter topologies of drives.
- Awareness about intelligent drives management system
