Objective of the Program

- The objective of this ONLINE FDP is to strengthen the understanding of faculty in OUTCOME-BASED EDUCATION [OBE].

Activities Conducted

- Lectures delivered by the Experts on Power point Presentation followed by discussions with the experts and participants in ONLINE mode
- Class exercises and group interactions
- Individual and group assignments

Outcome of the Program

- Develop a research proposal and Faculty got knowledge regarding research in aspects of OUTCOME-BASED EDUCATION [OBE].
- Participants were enlightened with the most widely used knowledge in this domain.
- This in turn will help in OUTCOME-BASED EDUCATION [OBE] activity.
- The content knowledge of the participants in the respective domains is updated.

Total No. of Participants: 243

Report On Outcome - Based Education [13th to 17th December 2021]

A one week online program on Outcome-Based Education (OBE) is conducted by Samskruti College of Engineering and Technology from 13th to 17th December 2021. The Distinguished Guests of the program are Chairman of SMSK Sri. A.K. Ramana Reddy, Secretary Sri. M. Rajendra Krishna, Director Dr. M. Ramakanth Reddy, Principal Dr. Govardhan and Academic Dean Prof. K. Shiva Kesava Reddy. The Convener of the program is HOD, Dept of ECE Dr. M. Sreenivasulu. The program organizers are HOD, Dept of EEE Prof. A. Suresh Kumar and HOD, Dept of MECH Prof. Gopi Chand Boosa.

The chief guest Mr. Ramesh was promptly inaugurated at 10:30 A.M by the Honorable Principal Dr. J. Govardhan. The Resource person Prof. Yallapragada Venkata Raghavendra Naga Pawan took one week online programme on Outcome-Based Education (OBE). Prof. Y.V.R. Naga Pawan currently works at the Anurag Engineering College, Department of Computer Science and Engineering. Prof. Y.V.R. Naga Pawan does research in Data Mining, Machine Learning, Evolutionary Computing, Higher Education and Computer and Society.

A one week Online FDP program on Outcome-Based Education (OBE) is conducted. The resource person YVR Naga Pawan said brilliantly about Outcome-Based Education to the respected faculty members. YVR Naga Pawan said many topics in this program.

Outcome-Based Education (OBE) is a student-centric teaching and learning methodology in which the course delivery, assessment are planned to achieve stated objectives and outcomes. It focuses on measuring student performance i.e. outcomes at different levels.

He also shown the program pyramid

Vision: A vision statement is an Institution's declaration of its mid term and long-term goals, stating what they want to become in the future

Program Education Objectives are the broad statements that describe the career and professional accomplishments that the program is preparing graduates to achieve.

Program Outcomes (POs)

Engineering Graduates will be able to:

1. Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals and an engineering specialization to the solution of complex engineering problems.
2. Problem analysis: Identify, formulate, review research literature and analyze complex engineering problems reaching substantiated conclusion using first principles of mathematics, natural sciences, and engineering sciences.
3. Design/development of solution: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. Conducit investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusion.

Bloom's Taxonomy: Bloom's taxonomy is a ~~set of~~ ^{three} hierarchical models used to classify educational learning objectives into levels of complexity and specificity.

Designing COs...

COs should be SMART outcomes

Specific

Measurable

Achievable

Relevant

Time-bound

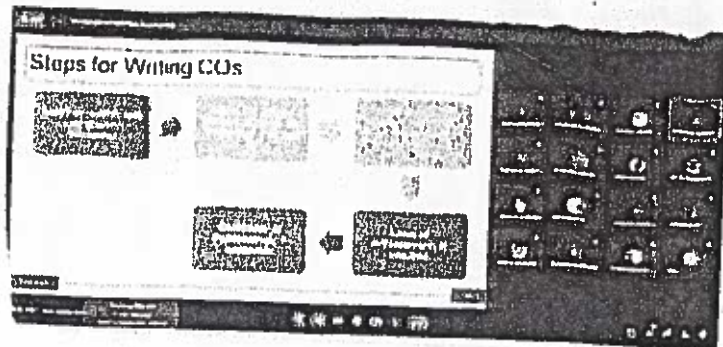

A CO typically contains

→ Action verb

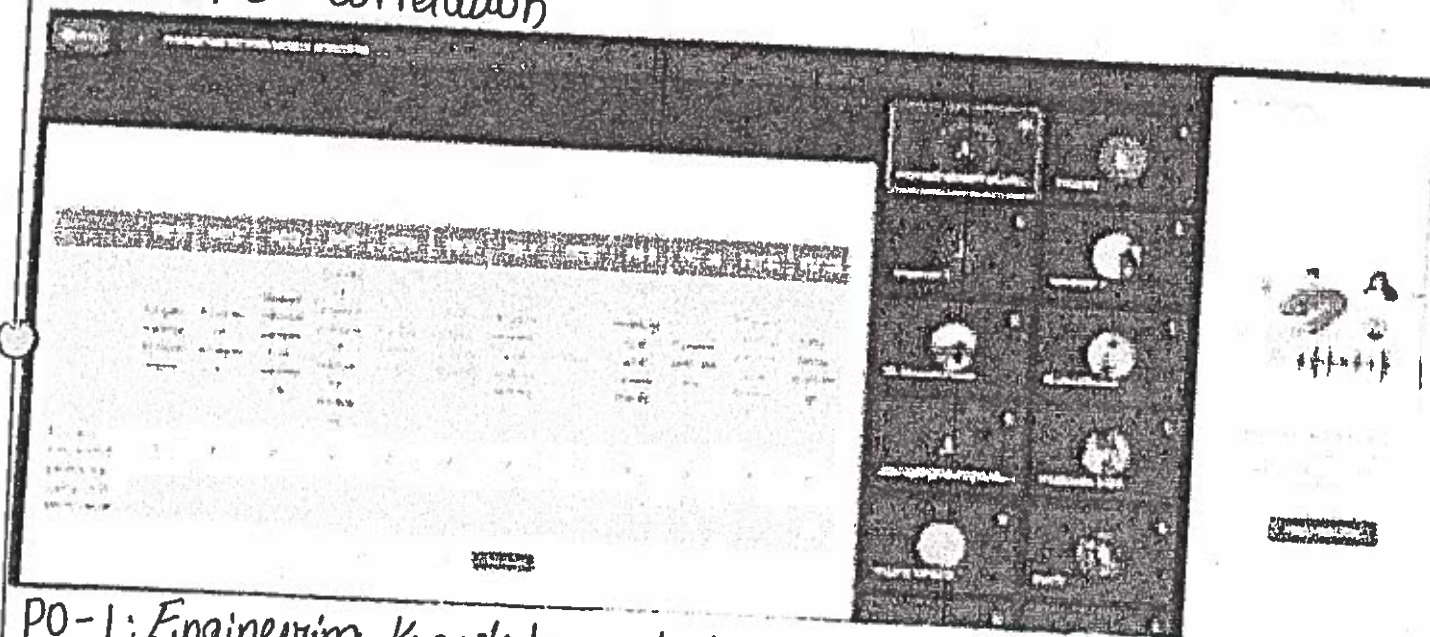

→ Subject

→ Level of Achievement

→ Condition of performance, if applicable

CO - PO Correlation

PO-1: Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specification to the solution of complex engineering problems

The outcome of the program that OBE is the clarity of the lesson which the teacher should possess. I've learned that Outcome-Based Education focusing and organizing everything in an educational system around what is essential for all students to be able to do successfully at the end of their learning experiences.
