Samskruti Sangram is a professional body that oversees its teams' participation. This establishes the guidelines for behavior and competitiveness, and they discipline their members as needed. This is accomplished using a framework that differs depending on the league. Students who participate in sports grow both physically and mentally. Students must engage in regular physical activity since it not only keeps them healthy but also helps them become more emotionally fit. Hence, the students can be able to concentrate on their academic work efficiently.

To boost self-esteem, mental acuity, and confidence, students must participate in school athletics. Sports are crucial in colleges because they assist students to learn a variety of abilities like leadership, perseverance, teamwork, and social skills.

In this view, the institute's Sports & Games committee organizes the Samskruti Sangram once every academic year for all the students to motivate students in all aspects beyond the regular academic work.

PROGRAM REPORT

Program Name: International Women's Day.

Date: 08.03.2022

Organized by: Department of Pharmacy.

Venue: Auditorium of Samskruti Group of Institutions.

participants: female students and faculty members.

International Women's day in 2022:

International Women's Day is celebrated in many countries around the world. It is a day when women are recognized for their achievements without regard to divisions, whether national, ethnic, linguistic, cultural, economic or political. A woman named Clara Zetkin (Leader of the 'Women's Office' for the Social Democratic Party in Germany) tabled the idea of an International Women's Day. She proposed that every year in every country there should be a celebration on the same day - a Women's Day - to press for their demands. The UN theme for this year's International Women's Day is "Gender equality today for a sustainable tomorrow, recognizing the contribution of women and girls around the world, who are leading the charge on climate change adaptation, mitigation, and response, to build a more sustainable future for all."

Samskruti College of Pharmacy celebrated the International Women's day on 8th March 2022 where in the female students and the staff members gathered in the Auditorium. Some of the participants shared the experiences of their achievements with the others. The female HODs of the college were addressed on the theme of this year's Women's day and its significance to all other participants. The HODs also given the motivational speeches to the participants which are very useful especially to the girl students and the young female staff members of the college for their future growth. This celebration has also provided a platform to discuss and share among the participants the various problems and difficulties being faced by female students and staff members of the college and the relevant changes that they are expecting from the management can be taken to its notice for appropriate solution.

Haritha Haram - An Environmental Promotional Program:

Samskruti College of Pharmacy is conducting an important environmental promotional program named 'Haritha Haram' both inside and outside the college campus every year by making the involvement of more number of female students and staff of the college apart from the male students and staff especially to sensitize them on the importance of the plantation program 'Haritha Haram'. This program also emphasizes the importance and role of plants and trees in minimizing the pollution and in maintaining the good environment for the health and wellbeing of the society. The college is ready to encourage the larger involvement of female students and faculty in any other kind of environmental promotional program that it undertakes in future. The NSS unit and students of Samskruti College of Pharmacy in association with their faculty have organized a plantation program named 'Haritha Haram' at the college premises and outside the campus of Samskruti Group of Institutions which comes under the village Kondapur on 18th July 2022. The purpose of undertaking this program is to bring an awareness regarding the necessity and advantages of plantation and growing the plants on the earth both in the campus students and in the nearby local community.
