

SAMSKRUTI COLLEGE OF PHARMACY

(Sponsored by St. VINCENT EDUCATIONAL SOCIETY)

Regd No. 5782/2000

(Approved by AICTE, PCI, New Delhi and Affiliated to JNTU, Hyderabad)

Kondapur Village, Ghatkesar Mandal, Medchal District (Old R.R. Dist)-501301. Cell : 9701368996

Strategic deployment

Action Plan Successfully Implemented

The institution has implemented the strategic plan with regards to building an eco-friendly environment at the institution. The institution is committed to inculcate responsibility among its students and faculty to conserve natural resources and as such it has come up with Green Policy and has become successful in making the campus clean and green. The institution planted a number of trees in and around the campus. Faculty and students donated plants of medicinal value which are well maintained. A small garden is built aside of the blocks of the building. To protect and preserve the water resources, the college has implemented rain water harvesting system. In addition, roof water is directed to the bore well recharge well and to the pond to increase the ground water level. Fresh water pond eco-system in the north-east corner of the institution serves to hold a biodiversity of species and refreshes the moods.. Single use plastic is completely discarded in the college. The institution minimizes the power consumption by using LED bulbs and Solar bulbs.

Strategy Development and Deployment

6.2.1. The Institutional Strategic/perspective plan is effectively deployed

Response:

The institution has its own strategy and deploys the resources effectively. The process includes identifying the various options selecting the most promising and deciding upon how they will be useful in the development of the organization

Persepective Plan 2020-2021

Objective	Action plan
Quality Education and Lifelong Learning	
To provide quality education in theory and practical	1. Identify and adopt new teaching-learning strategies 2. Provide individual attention and hands on experience during lab sessions 3. Train students in health care and community services

These initiatives collectively aim to elevate the educational quality, research output, and industry relevance of our college.

Certainly, here are some additional strategic initiatives for the development and deployment of our college

9. Technology Integration: Emphasizing the integration of technology in teaching methodologies, such as simulation labs, e-learning platforms, and virtual reality tools to enhance learning experiences.

10. Entrepreneurship Support: Encouraging entrepreneurial skills among students by offering incubation centers, startup support, and courses on business development and innovation in pharmaceuticals.

11. Global Collaboration: Fostering partnerships with international universities, enabling student and faculty exchange programs, joint research projects, and exposure to global practices.

12. Continued Professional Development: Establishing mechanisms for alumni engagement, lifelong learning opportunities, and certification programs to keep graduates updated with the latest advancements in the field.

13. Regulatory Compliance Training: Offering specialized courses or workshops focusing on understanding and adhering to pharmaceutical regulations, preparing students for the industry's compliance requirements.

14. Interdisciplinary Programs: Developing interdisciplinary programs in collaboration with other faculties (like medicine, engineering, business) to promote holistic healthcare solutions and diverse skill development.
