Eco-friendly Ganesh Murtis are made of organic soil/mud, natural colors. Why should you use eco-friendly Ganesh idols? Being responsible citizens we can accomplish something for our environment Plaster of Paris is non-biodegradable made of poisons and unsafe colors and it severely pollutes the sea-going life and water bodies. To spare and secure our nature, we should hold hands and do our bit, and go for eco-friendly items.

On 30.08.2022 from our college 50 students have participated in the Matti ganapathi rally held at ghatkesar bustop and they talked about all the uses of Eco Friendly Ganesh.
