Be positively.
8. What could have been done to make your job here more rewarding?
Sharing the knowledge with colleagues my team meets
9. What did you like best about your job?
sharing the knowledge
10. What did you dislike about your job?
Handling the continous jobs

PRINCIPAL

Samskruti College of Engineering & Technology
Kondapur, Ghatkesar Municipality, Medchal (D)

11. What makes the Institute a good place to work?

All the library is used to good place to work and comfortable.

12. How would you rate the following:

> Job responsibilities?

Outstanding Very Good Satisfactory Fair Unsatisfactory

> Opportunity for achieving goals?

Outstanding Very Good Satisfactory Fair Unsatisfactory

> Work environment?

Outstanding Very Good Satisfactory Fair Unsatisfactory

> Supervisor?

Outstanding Very Good Satisfactory Fair Unsatisfactory

> Pay?

Outstanding Very Good Satisfactory Fair Unsatisfactory

> Benefits?

Outstanding Very Good Satisfactory Fair Unsatisfactory

13. What recommendations would you have for making your department and/or the Town a better place to work?

Recommend maintenance funds to the department

14. Would you have stayed if a more-satisfactory arrangement could have been worked out?

Yes No

If yes, explain:

15. It has been explained to me that completion of this Exit Interview form is voluntary and I was given the option not to complete this form if I so desired.

Yes No

16. I authorize the placement of this Exit Interview form in my personnel file:

Yes

No

Organized by
DEPARTMENT OF CIVIL ENGINEERING
SAMSKRUTI COLLEGE OF ENGINEERING AND TECHNOLOGY
Kondapur (V), Ghatkesar (M), Medchal (Dist), Telangana-501301

PROGRAMME OBJECTIVES

The course relates to the fundamentals related to engineering behavior of the earth and its materials. As a branch of civil engineering it is of great importance to construction activities taking place on the surface or within the ground, as well as to mining, coastal, drilling and other disciplines. Geotechnical engineers are responsible for evaluating subsurface and soil conditions and materials, using the principles of soil and rock mechanics

Outcomes of the Program

1. Understand the basic concepts of geotechnical engineering in general.
2. Characterize and classify the properties of soils.
3. Able to analyze the seepage, stresses under various loading conditions and compaction characteristics.
4. Able to analyze the compressibility of the soils.
5. Able to understand the strength of soils and consolidation properties of soils under various conditions.

TECHNOLOGY (SCET) is a pioneer of quality education. The Institute established in the year 2005. SCET is tirelessly engaged in imparting quality education.

The Institute is offering various Diploma, UG & PG Programmes in the Dept of ECE, CSE, EEE, ME and CE. The Institute prepares the students to suit the ever changing scenario of the global Industry by imparting them to the advanced Technology in various core fields and by developing their personality and confidence levels in addition to the regular curriculum. SCET aims at technology development through academic excellence.

About Department

Civil engineering has the potential to build a strong economy and so more multinational companies and engineers are showing their interests to be involved with this industry. Civil engineering industry focuses areas like soil mechanics, surveying and material sciences. Civil engineering specifically deals with the activities of designing and construction of structures like dams, bridges, canals, harbors, roads, tunnels, and water-supply systems, power plants, aircraft, water treatment plants etc.

Civil Engineering is a broad field of Engineering that deals with the needs of the society around the globe has created a lot of scope for the Civil Engineering professionals. Civil Engineering is a Professional engineering discipline and it is the Mother branch of Engineering that deals with the design, construction and maintenance of the physical and naturally built environment, including works such as bridges, roads, canals, dams and buildings. It is traditionally broken into several sub-disciplines including Environmental Engineering, Geotechnical Engineering, Structural Engineering, Transportation Engineering, Water Resources Engineering, Coastal Engineering, Surveying, and Construction Engineering.

The Department of Civil Engineering was established in the year 2009. The Department offers a four-year UG course leading to B.Tech.. The department organizes various seminars, workshops, industrial training to the students to create awareness on real time works. The department creates a platform for faculties and students to come together and think innovatively and move with their research.

FEEDBACK ANALYSIS REPORT FOR THE ACADEMIC YEAR 2021-22 (FEEDBACK ON FACULTY)

OBJECTIVE OF FEED BACK:

Feedback allows the students to reflect on their learning; and provides opportunity to assess their skills and capabilities. Feedback is an essential part of effective learning. It is important to know students' expectations from teachers as well as the performance of the teacher from student's point of view. It is necessary to know if they are facing any difficulties. To improve the quality of teaching, it is essential to collect feedback of teachers from students.

FACULTY FEEDBACK ANALYSIS: (IIMBA&ISEM)

FEEDBACK ANALYSIS REPORT FOR THE ACADEMIC YEAR 2021-22 (FEEDBACK ON FACULTY)

OBJECTIVE OF FEED BACK:

Feedback allows the students to reflect on their learning; and provides opportunity to assess their skills and capabilities. Feedback is an essential part of effective learning. It is important to know students' expectations from teachers as well as the performance of the teacher from student's point of view. It is necessary to know if they are facing any difficulties. To improve the quality of teaching, it is essential to collect feedback of teachers from students.

FACULTY FEEDBACK ANALYSIS: (IIMBA&ISEM)

ACTION TAKEN OF FEEDBACK FROM STAKEHOLDERS (2021-22)

Action to be taken on the various feedback reports collected from stakeholders from time to time along with suggestions on the same.

1. Suggestions made in student's feedback:

Students requested for more practical sessions. They requested to conduct seminars on job oriented courses, training for facing interviews during campus selection. They also requested to provide career guidance and expert talks by industrialists. Awareness among every student especially research scholars to publish articles may be created.

Action Taken on Students feedback report: Various workshops and seminars were held to introduce new technical aspects which are useful to students for industry ready. The HODs and faculty were suggested for including more classes for practicals in the Timetables. Students were allotted a few hours in the weekly curriculum to improve their physical and mental fitness.

2. Suggestions made by Alumini:

Alumini suggested that they need more focus on soft skill training. Alumini have suggested that the institute should focus on improving communication skills, personality development, self-motivation, career building, confidence and good mentoring.. More internship facilities be made available to students for better industrial exposure.

Action Taken on Alumni feedback report: The Institute has conducted different workshops and guest lectures regarding career building, self motivation and for improving the communication skills of the students. Necessary help was given to interested students to carry out internships various organizations.

3. Suggestions made by Teacher's: The need for more practical sessions was stressed by the teachers to enhance the employability of students. Students can be industry ready only if they are exposed to real life situations in their class rooms and laboratories. Teachers emphasized the need for conducting more intenships during summer vacations so that students get a firsthand experience of the needs of the industry during their course period and get themselves ready in their fields of interest.

Action Taken on Teacher's feedback report : More practical courses were included in the curriculum based on the feedback of the teachers. The quality of the existing practical courses was updated by introducing latest versions in the syllabus. Internships were made compulsory for all students during summer vacations to give them a taste of industry requirements during their course period. This also enabled them to assess their standing in the industry and improve their potential with respect to their field of interest

4. Suggestions made by Employers: The Employers were of the opinion that students should develop their self thinking capabilities and should be initiative in team work. Students need to be aware of industry exposure. Recruiters suggested that the students are be strong in their aptitude skills, as it is the first level of the interview process.

Action Taken on Employer feedback report:

The soft skill training focused more on participative games and teambuilding, invited resource persons from industries were made to address the students. Intensive training on aptitude training was planned for the next academic year.
