birthday of the Lord Ganesha. Hindus refer to Lord Ganesha as the remover of all obstacles. People believe that Lord Ganesha comes every year with prosperity and success.

Ganesh Chaturthi is a festival which is celebrated all over India to worship Lord Ganesh, is becoming more eco-friendly nowadays. Generally, Ganesh murtis are made of Plaster of Paris, are immersed in water after Ganesh Chaturthi, which harms the water bodies. Many of the people are practicing the eco-friendly Idol during Ganesh Chaturthi.

(Students participating in a rally held at Ghatkesar municipal office in order to promote the usage of eco-friendly Ganesh idols conducted by NSS cell)

Eco-friendly Ganesh Murtis are made of organic soil/mud, natural colors. Why should you use eco-friendly Ganesh idols? Being responsible citizens we can accomplish something for our environment Plaster of Paris is non-biodegradable made of poisons and unsafe colors and it severely pollutes the sea-going life and water bodies. To spare and secure our nature, we should hold hands and do our bit, and go for eco-friendly items.

On 30-08-2022, from our college 36 students and a few faculty from different branches participated in the Eco-Friendly Ganesha Program held at Ghatkesar municipal office.

Every year on 24 September, National Service Scheme Day is observed and celebrated across the country. The Ministry of Youth Affairs and Sports conducts and manages the National Service Scheme (NSS), which is a public service program. In the year 1969, the National Service Scheme was introduced on the occasion of the birth centenary of Mahatma

Gandhi.

During that time, the scheme was launched in 37 universities in India, including 40,000 students to be part of it. NSS helps the student to grow individually and also as a group. It makes the students confident, develop leadership skills, and gain knowledge about different people from different walks of life. Students also learn other skills that help them lead a better life in various situations
