

Date: 14-02-2022.

**CIRCULAR**

We're excited to announce that the Mechanical Department, led by HOD Mr. B. Gopi, is hosting a program on "Emerging Technology in Industrial Automation" in the Seminar Hall. This program is designed to keep us abreast of the latest advancements in our field and maintain our competitive edge.

Program Details:

Title: Emerging Technology in Industrial Automation

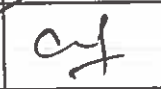

Date: 16/02/2024

Venue: Seminar Hall

This program promises valuable insights into the cutting-edge technologies shaping our industry. Don't miss this opportunity to expand your knowledge and stay ahead in our field.

Please register at the earliest to secure your spot.

**Report: Emerging Technology in Industrial Automation Program**

Date: 16th February 2022

Venue: Seminar Hall

Coordinator: B. Gopi

Number of Participants: 20

**Introduction:**

The Mechanical Department, under the leadership of HOD Mr. B. Gopi, organized a program titled "Emerging Technology in Industrial Automation" on 16th February 2022. The program aimed to provide insights into the latest advancements in industrial automation and their impact on our industry.

**Program Overview:**

The program took place in the Seminar Hall and featured discussions, presentations, and interactive sessions focused on emerging technologies in industrial automation. Attendees had the opportunity to learn about innovative solutions, best practices, and real-world applications in this rapidly evolving field.

**Fig: Guest Speech in the Program**

(Approved by AICTE, New Delhi & Affiliated to JNTUH.)

Kondapur(V), Ghatkesar(M), Medchal(Dist)

## Key Highlights:

### Agenda:

Introduction to Industrial Automation Trends

Overview of Emerging Technologies (e.g., AI, IoT, Robotics)

Case Studies and Best Practices

Hands-on Workshops and Demonstrations

Q&A Sessions with Industry Experts

### Attendance:

The program witnessed a significant turnout, with enthusiastic participation from staff members across various departments. Attendees actively engaged in discussions, shared insights, and exchanged ideas, contributing to a dynamic learning environment.

### Outcomes:

The program successfully achieved its objectives of enhancing participants' understanding of emerging technologies in industrial automation. Attendees gained valuable knowledge, practical skills, and networking opportunities, empowering them to stay ahead in our rapidly changing industry.

### Conclusion:

The "Emerging Technology in Industrial Automation" program was a resounding success, thanks to the dedication of the organizers, the active participation of attendees, and the valuable contributions from industry experts. Such initiatives play a crucial role in fostering continuous learning, innovation, and professional development within our organization.

### Recommendations:

Building on the success of this program, we recommend organizing similar events in the future to further explore emerging trends, share best practices, and strengthen our collective expertise in industrial automation.

### Acknowledgments:

We extend our heartfelt thanks to all participants, organizers, speakers, and contributors who made this program possible. Your commitment and enthusiasm are greatly appreciated.

## CIRCULAR

We're thrilled to announce an upcoming program on "Statistical Data Analysis" set to take place on 18/04/2022 at the Seminar Hall. This program is a fantastic opportunity for all interested individuals to sharpen their skills in data analysis and interpretation.

### Program Details:

Program Name: Statistical Data Analysis

Date: 18/04/22

Venue: Seminar Hall

Coordinator: Vamshi Krushna (CSE HOD)

This program aims to provide practical insights and techniques for effective data analysis. Whether you're new to the field or an experienced professional, this session promises to equip you with the tools needed to make informed decisions based on data-driven insights.

**Report: Statistical Data Analysis Program**

**Introduction:**

The Statistical Data Analysis program, coordinated by Vamshi Krushna from the Computer Science and Engineering (CSE) department, was held on 18<sup>th</sup> May 2024 at the Seminar Hall. This report summarizes the key highlights, outcomes, and recommendations from the event.

**Program Overview:**

The program aimed to provide participants with practical insights and techniques for effective data analysis. It covered various topics including statistical modeling, hypothesis testing, and hands-on practice sessions to enhance participants' data analysis skills.

**Fig: Guest Speech in the Program**

**Key Highlights:**

Program Name: Statistical Data Analysis

Date: 18th May 2024

Venue: Seminar Hall

Coordinator: Vamshi Krushna (CSE HOD)

**Agenda:**

Introduction to Statistical Data Analysis

Data Cleaning and Preparation Techniques

Statistical Modeling and Hypothesis Testing

Hands-on Practice Sessions

Q&A with Industry Experts

**Attendance:**

The program witnessed a significant turnout, with participants from various departments across the organization. Attendees actively engaged in the sessions, asking questions, sharing experiences, and collaborating with peers.

**Outcomes:**

The program successfully achieved its objectives of enhancing participants' understanding of statistical data analysis techniques. Attendees gained valuable insights, practical skills, and networking opportunities, empowering them to make informed decisions based on data-driven insights.

**Recommendations:**

Building on the success of this program, we recommend organizing similar events in the future to further strengthen participants' data analysis skills and keep them updated on emerging trends in the field.

**Conclusion:**

The Statistical Data Analysis program was a resounding success, thanks to the dedication of the coordinator, the active participation of attendees, and the valuable contributions from industry experts. Such initiatives play a crucial role in fostering continuous learning, innovation, and professional development within our organization.

**Report: Faculty Development Program (FDP) on VLSI**

**Introduction:**

The Faculty Development Program (FDP) on VLSI (Very Large Scale Integration) was conducted on 15th May 2022 in the Seminar Hall. This report summarizes the key highlights, outcomes, and recommendations from the event.

**Program Overview:**

The FDP aimed to enhance participants' knowledge and expertise in VLSI design and technology. Coordinated by Dr. M. Srinivasulu, HoD of ECE, the program featured in-depth sessions, workshops, and hands-on experiences with industry-standard VLSI design software.

**Key Highlights:**

Program Name: Faculty Development Program on VLSI

Date: 15th May 2022

Coordinator: Dr. M. Srinivasulu, HoD of ECE

Venue: Seminar Hall

**Agenda:**

Introduction to VLSI design methodologies and tools

Workshops on advanced topics in VLSI technology

Hands-on experience with industry-standard VLSI design software

Interaction with renowned experts in the field

Networking opportunities with fellow faculty members

  
Principal  
Samskruti College of Engineering & Technology  
Kondapur, Ghatkesar Municipality, Medchal (D)

**Attendance:**

The FDP witnessed active participation from faculty members across various departments. Attendees engaged in discussions, shared experiences, and collaborated with peers, fostering a dynamic learning environment.

**Outcomes:**

The FDP successfully achieved its objectives of enhancing participants' understanding of VLSI technology. Attendees gained valuable insights, practical skills, and networking opportunities, empowering them to incorporate VLSI concepts into their teaching and research activities.

**Recommendations:**

Based on the success of this FDP, we recommend organizing similar events in the future to further strengthen participants' knowledge and expertise in emerging technologies. Additionally, incorporating hands-on workshops and interactive sessions can enhance the learning experience for participants.
