Program Name: WEAR MASK AND SOCIAL DISTANCING

Date : 14/09/2021

Venue: College seminar hall

When you wear a mask, you protect others as well as yourself. Masks work best when everyone wears . A mask is NOT a substitute for social distancing. Masks should still be worn in addition to staying at least 6 feet apart, especially when indoors around people.the following must be followed to be safe.

- Washing your hands frequently (for at least 20 seconds) with soap and water or a hand sanitizer that contains at least 60% alcohol.
- Avoiding touching your face (particularly your eyes, nose, and mouth).
- Staying home as much as possible, even if you don't feel sick.
- Avoiding crowds and gatherings of 10 or more people.
- Avoiding all non-essential shopping and travel.
- Keeping 6 feet of distance between yourself and others when out.
- Getting plenty of sleep, which helps support your immune system.
- Following all recommendations from health authorities.

## PROGRAM REPORT

Date: 09.03.2022

**Program Name:** International Women's Day.

**Date:** 08.03.2022

**Venue:** Auditorium of Samskruti Group of Institutions.

**participants:** female students and faculty members.

### International Women's day in 2022:

International Women's Day is celebrated in many countries around the world. It is a day when women are recognized for their achievements without regard to divisions, whether national, ethnic, linguistic, cultural, economic or political. A woman named Clara Zetkin (Leader of the 'Women's Office' for the Social Democratic Party in Germany) tabled the idea of an International Women's Day. She proposed that every year in every country there should be a celebration on the same day - a Women's Day - to press for their demands. The UN theme for this year's International Women's Day is "Gender equality today for a sustainable tomorrow, recognizing the contribution of women and girls around the world, who are leading the charge on climate change adaptation, mitigation, and response, to build a more sustainable future for all."

Samskruti College of Pharmacy celebrated the International Women's day on 8<sup>th</sup> March 2022 where in the female students and the staff members gathered in the Auditorium. Some of the participants shared the experiences of their achievements with the others. The female HODs of the college were addressed on the theme of this year's Women's day and its significance to all other participants. The HODs also given the motivational speeches to the participants which are very useful especially to the girl students and the young female staff members of the college for their future growth. This celebration has also provided a platform to discuss and share among the participants the various problems and difficulties being faced by female students and staff members of the college and the relevant changes that they are expecting from the management can be taken to its notice for appropriate solution.
