GREEN CAMPUS INITIATIVE POLICY

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind.

Greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. Institute has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus.

Major Green Campus Initiatives:-

- Landscaping & Clean campus initiatives
- Smoking free campus
- Solar power plant & Infrastructure
- Installation of Energy Efficiency Equipment
- Water Conservation through Rainwater Harvesting System
- Waste management processes & Solid waste management
- Liquid waste management & E-waste management
- Awareness initiatives
- Green Audit & Energy Audit
- Plastic Free Campus Objectives of the Policy

Initiatives:-

- To protect and conserve ecological systems and resources within the campus.
- To ensure judicious use of environmental resources to meet the needs and aspirants of the present and future generations.
- To integrate environmental concerns in to policies, plans and programmers for social development and outreach activities.
- To work with all stakeholders and the local community to raise awareness and seek the adoption of environmental good practice and the reduction of any adverse effects on the environment.
- To continuously improve our contribution to climate protection adaptation to climate change and to conserve global resources.
- To continuously improve the efficient use of all resources including energy and water, reduce consumption and the amount of waste food produced, recovering and recycling waste where possible.
- To make the campus plastic free.
- To conduct environmental and energy audits from time to time.
- To minimize the use of paper in administration through having policy for E-governance

Clean Campus initiatives policies :

SCET had pledged to actively coordinate cleanliness activities in the college and beyond the campus in accordance with the vision of **Swatch Bharat Abhiyan** .

The broad vision is as follows :

- Conduct workshops on the 3-R's : Reduce , Reuse , Recycle of waste
- Remove all kind of waste material equipment like broken furniture etc.
- Generating mass awareness on cleanliness and hygiene amongst students & Staff
- Activities under '**Swatch Bharat Abhiyan**' will be key component of all the work done by our college
- Staff members will be encouraged to participate in the cleanliness drive.
- Rallies on themes connected with '**Swatch Bharat Abhiyan**' in and around the college campus will be conducted to create mass awareness.

CIRCULAR

World Environment Day, held annually on 5 June, brings together millions of people from across the globe, engaging them in the effort to protect and restore the Earth.

World Environment Day is a global platform for inspiring positive change. People from more than 150 countries participate in this United Nations international day, which celebrates environmental action and the power of governments, businesses and individuals to create a more sustainable world.

In the view of above the principal and management have taken the initiation and decided to take an action against the usage of plastic in the campus and gave awareness to the adverse effects of usage of plastic in the college. So, I request all the department Faculties and Students to cooperate us to actively contribute to the efforts of banning the use of plastic.
