7.1.5 GREEN CAMPUS INITIATIVES

Our college appraise it momentous in implementing green concepts in the campus. Our college believes in education combined with environmental friendly practices to promote imperishable development. The infrastructure and capability available on campus are the very best. The SCET campus extents over 18 acres in a spacious, noise free, clean, green zone and serene atmosphere perfectly suited for technical education. It is a absolutely self-contained campus comprising everything that students on campus would ever require. Though implementing green initiatives are challenging and require determination and a long-term commitment, Our college is taking initiatives in the right direction. The following practices are undertaken by the college.

1. Restricted entry of automobiles

To prevent huge vehicles from accidentally entering the campus, our institution established a restriction on automobile admission. Our college has a group of buses to transport many students from different places within the city and in suburban areas. This initiative helps in reducing pollution and consumption of petrol.
