When you wear a mask, you protect others as well as yourself. Masks work best when everyone wears. A mask is NOT a substitute for social distancing. Masks should still be worn in addition to staying at least 6 feet apart, especially when in doors around people. The following must be followed to be safe.

- Washing your hands frequently (for at least 20 seconds) with soap and water or a hand sanitizer that contains at least 60% alcohol.
- Avoiding touching your face (particularly your eyes, nose, and mouth).
- Staying home as much as possible, even if you don't feel sick.
- Avoiding crowds and gatherings of 10 or more people.
- Avoiding all non-essentials hopping and travel.
- Keeping 6 feet of distance between your self and others when out.
- Getting plenty of sleep, which helps support your immune system.
- Following all recommendations from health authorities.

Every year on 24 September, National Service Scheme Day is observed and celebrated across the country. The Ministry of Youth Affairs and Sports conducts and manages the National Service Scheme (NSS), which is a public service program. In the year 1969, the National Service Scheme was introduced on the occasion of the birth centenary of Mahatma Gandhi.

During that time, the scheme was launched in 37 universities in India, including 40,000 students to be part of it. NSS helps the student to grow individually and also as a group. It makes the students confident, develop leadership skills, and gain knowledge about different people from different walks of life. Students also learn other skills that help them lead a better life in various situations.
