Methodologies to support slow learners and encourage bright students

The slow learners and advanced learners are identified based on their overall performance in university exams and internal assessment. The mentors regularly monitor the progress of their mentees. The class teachers along with mentors assess the progress of the students after every Internal Assessment (AI) test and the parents are intimated. The process used to identify the slow learners and advanced learners are as follows.

Parameters of Identifying Slow Learning levels:

1. Performance in Internal Exams.
2. Interest Level of participating in any given task.
3. Emotional stability.
4. Level of language command.
5. Ability to handle Multi Tasks.

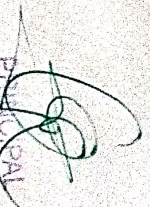

The measures adopted to improve slow learning level:

1. A personal counseling session to increase the morale of the student.
2. Adopting a Target Oriented approach.
3. Adopting more creative methodology while explaining.
4. Adopting a win-win approach in a playful manner.
5. Conducting Basic Level Technical coaching
6. Appreciating every single achievement.
7. Taking their ideas and implementing them.
8. Conducting Tech Quiz (Basic level).

The above pointers act as a strong guiding force in order to raise students learning bar from slow to advanced one.

Parameters of Identifying Advanced learning levels:

1. Performance in Internal Exams.
2. The interest level of participation in any given task.
3. The ability to handle Multi Tasks.

Ph. 93968 72497, 93968 72496, 97013 68992, 95055 18259

#### 4. Scanning Leadership Skills

5. Level of Vocabulary,
6. The pace of fluency during public speaking assignments.

#### The measure adopted to Polish Advanced Learning level:

1. Conducting Interactive sessions to know their area of interest.
2. Promoting their Ideas.
3. Conducting Advanced Level Technical Coaching.
4. Conducting sessions on competitive exam preparation.
5. Encouragement on active participation in various tech activities..
6. Supporting on paper presentation at different platforms.
7. Organizing Tech Quiz.
8. Conducting Tech Work Shops for a quick brush up.

The above pointers aid in polishing advanced learners knowledge and skill set.

#### Student feedback of teaching learning process and action taken

After the 1st internal, all the students are required to undergo filling the online feedback-form to apprise the Faculty on the scale of 1 (low) to5 (high).Based on the student's feedback, HOD of the Department and senior Professors will give valuable suggestions to improve the quality of teaching- learning wherever essential. Faculty development programs are conducted by professional experts to enhance the teaching skills of Faculty.

## DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

### Students Assessment of Advanced Learners and Slow Learners

Procedure to Identify slow and advanced Learners students of all (I & II) sem, B.Tech (II, III, IV) years are as follows:

Based on JNTUH External Results, the students have been identified and categorized as slow learners and advanced learners. If the students are having No Backlogs and less than 2 Backlogs, then they will be categorized as advanced Learners. If the students have more than 2 Backlogs, then they will be categorized as slow Learners.

Action Taken for the above categorized students are as follows:

Slow Learners : Remedial Classes conducted

Advanced Learners : Encouraging the students to present a paper in Conferences  
Training in Government Organizations

(Approved by AICTE, New Delhi & Affiliated to JNTUH,)  
**Kondapur(V), Ghatkesar(M), Medchal(Dist)**

**DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

## **REPORT ON TITA**

TITA is one of the most prestigious organizations in Telangana. It has supported youth in various ways by helping them to develop their ideas into startups. To make this further useful to engineering students they have conducted an ideathon on 16-12-2022 where they enabled the investors to listen to the ideas of young engineers upon which they can find better ideas to invest and develop.

Our team worked on a blend of three major applications through which we can solve three different social problems. It unsurprisingly attracted the judge's attention to our idea and made a call on investing in our idea for developing it. They are various other ideas that got their attention and praise too. Other than Ideathon we got to see the oath-taking of various Telangana representatives on this account and debate on new technologies like 5G.
