Subject: Project Sanction Approval: "IoT-Enabled Women Safety Device: A Technological Approach to Empowerment"

Dear Sir/Madam,

Proximus Exim Private Limited is delighted to propose a consultancy partnership with Samskruti College of Engineering & Technology to enhance academic, research, and industry collaboration. Our expertise in innovation, skill development, and industry-academia engagement aims to empower institutions to achieve academic and professional excellence.

Objectives

- Foster research and innovation culture.
- Enhance employability through skill-building programs.
- Support faculty development in advanced technologies.
- Establish or expand incubation and entrepreneurship centers.

Timeline and Financials

- Project Duration: 24 months with quarterly milestones.
- A detailed financial proposal will be shared upon finalizing the scope.

Benefits of Collaboration

- Increased research output.
- Enhanced student placements and employability.
- Stronger academia-industry connections.
- Recognition as an innovation-driven institution.

We look forward to partnering with Samskruti College of Engineering & Technology to drive innovation and excellence.

Thank you!

Best Regards,
