## **POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE.**

Samskruti College of Pharmacy endeavors to implement a human environmental co-existence model promoting the welfare of the society through environmental protection. The Environment and Energy Usage Policy of Samskruti college of pharmacy is to manage energy in such a systemic way so as to minimize its impact on the environment. The policy implies to explore the renewable energy resources to reduce the burden on the government. This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage. Samskruti college of pharmacy devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

### **Policies:**

- ❖ To assess our energy usage, and measure its impact on the environment.
- ❖ To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, public transportation and use of pedestrian-friendly roads.
- ❖ To constitute a sustainable environment management committee (SEMC). The committee should be empowered to make decisions and execute them regarding the sustainable environment.
- ❖ To install photovoltaic solar panels for the generation of alternate energy.
- ❖ To install LED bulbs in the complete campus to save energy.
- ❖ To develop systematic waste management mechanism.
- ❖ To develop rain water harvesting pit.
