Venue: College campus

Agency Involved: SCET NSS UNIT & PHC NARAPALLY

Students Participated: 20 Members

COVID-19 vaccines have been tested by multiple drug administration authorities in the world. They are proven to be effective in reducing your probability of contracting COVID-19. Once you are vaccinated, your body is much better prepared to shield off from viruses by making your immune system stronger.

A COVID Vaccine Certificate (CVC) issued by the government offers an assurance to the beneficiary on the vaccination, type of vaccine used, and the provisional certificate also provides the next vaccination due. It also is an evidence for the citizen to prove to authorities which may require proof of vaccination specially in case of travel. Vaccination not only protects individuals from disease, it also reduces their risk of spreading the virus. Therefore, there could be a requirement in future to produce certificate for certain kind of social interactions and international travel.

On 9-12-2021, from our college 20 students and faculties from different branches have got vaccinated held at samskruti college auditorium.
